

11 April, 1955

TO : All D/I Personnel
FROM : Chief, D/I
SUBJECT : Discontinued Use of US OFFICIALS ONLY

REFERENCE: DCID 11/2, 24 January 1955

REFERENCE: Memorandum from DCh/E to All ERA Personnel, 22 March 1955

1. Use of the US OFFICIALS ONLY stamp has been discontinued, and all such stamps should be returned to supply. In its place use the new NOFORN stamp. Type "Not Releasable to Foreign Nationals" across the top of the page if the material is to be dittoed or multilithed.

2. When a document stamped US OFFICIALS ONLY is cited in a report or other branch issuance, the source listing should include the expression "US ONLY," but the over-all control of the document will now be NOFORN, plus all other controls listed in the documentation.

3. Only when the sheets of a report are permanently bound in a finished publication is it permissible to designate the controls on the cover and title page alone. When the pages are stapled, clipped, or held in a loose-leaf binder, they should individually be classified and stamped with appropriate controls, according to the sources on which a particular page is based.
